Marin County

Grantee: Marin County

Amount Awarded: \$23,791.00

Grantee Contact: Alexander Soulard

Grantee Contact Phone Number: 415-499-4298

CalRecycle Grant manager: Diane Nordstrom-Lamkin

Project Summary: Amnesty Events: \$55,016.98

The Marin County Department of Public Works will hold two amnesty events in 2009. The Department of Public Works will create and distribute educational materials, provide advertising to local newspapers and newsletters and report our success to the Integrated Waste Management Board. The first event will be held at Redwood Landfill in the Northern most part of Marin County. This event will last two weeks and catering mostly to North and West Marin residents. The Novato area is second in population to central Marin. This area is also geographically separate from the rest of Marin, and does not have easy access to by the Marin Resource Recovery Center. In 2007 a tire recycling event was held at the Landfill and it was a great success. The second event will be held at the Marin Resource Recovery Center in central San Rafael. The event will also last two weeks and will be accessible to residents of central and southern Marin County. This is a prime location for the majority of Marin County's residents and at a hub for frequent commute routes. In 2006 and 2007 Marin Resource Recovery Center hosted a tire amnesty event and always receives heavy traffic and utilization of the amnesty program. All tires will be hauled by West Coast Rubber Recycling, Inc. Based on 2007's success being an extended event, we estimate that 3,500 tires will be collected and recycled this cycle. West Coast Rubber Recycling, Inc. will supply us with trailers that hold 1,100 passenger tires at \$1,450.00. We will have West Coast collect, haul and recycle approximately 3,500 tires for \$5,800.00. Enclosed is the quote from West Coast showing the amount for the trailers. The Department of Public Works will also have the support of staff at Marin Resource Recovery to collect and load the tires. The cost per tire will be \$1.66 for hauling and recycling. Marin Resource Recovery Center will charge approximately \$12,000.00 for their services. With the additional cost of staffing and resources, the cost per tire is \$7.23. Marin County Department of Public Works staff will adjust and make corrections to educational materials about proper tire care and tire disposal methods from previous events. These materials will be distributed at local libraries, community centers and auto supply stores as well as at the amnesty events. Furthermore, electronic copies of the materials will be placed on [www. Marin Recycles .org](http://www.MarinRecycles.org). The Department of Public Works staff will also create advertisement for both events that can be found on our website and in numerous local newspapers. These newspapers will also receive press releases written by staff to inform the public about the amnesty events as well as the results of the events when they have concluded.

Total Awarded for County:\$23,791.00

San Bernardino County

Grantee: City of Chino

Amount Awarded: \$20,765.00

Grantee Contact: Ms. Sylvia Ramos

Grantee Contact Phone Number: 909-464-0758

CalRecycle Grant manager: Diane Nordstrom-Lamkin

Project Summary: Amnesty Events Amount: \$25,500.00

In concurrence with the City of Chino's Household Hazardous Waste (HHW) Collection Program, which is open twice per month, the City provides amnesty events scheduled on the same days. For the last three years, the City of Chino has received funding through the Waste Tire Cleanup and Amnesty Event Grant Program. Each year the program has been successful with increased amounts of waste tires being collected for recycling. Collection events mirror the City's HHW program by having participants drive up, and log in, while staff off-load waste tires. The City also provides to residents scheduled 'dump days' periodically at no cost, which encourages residents to properly maintain their residences. These events are scheduled simultaneously with the amnesty events at the HHW facility. Scheduled cleanup events bring in several hundred tires costing more than \$4,500 per event. As of November 2008, the cost to the City for the transportation/recycling of the waste tires collected was: 1) \$1.00 per passenger scrap tire; 2) \$1.50 light truck scrap tires; 3) \$5.00 medium truck tires; and 4) \$25.00 or more per unit for tires on the rim.

The City of Chino would like to continue with the existing waste collection amnesty events through funding provided by the Waste Tire Cleanup and Amnesty Event Grant Program. This year the City would like to increase volumes coming into the facility by providing more scheduled 'dump day' events and enhancing the campaign through the media (i.e. print ads, newspaper, cable radio, and outreach efforts at community events). The City will staff events accordingly to accommodate increased volumes of tires coming into the facility. Typically on a regular amnesty event day, four (4) staff members are scheduled to assist with off-load material on a scheduled 'dump day' two (2) additional staff members are needed to assist with additional tires being collected. The City of Chino is committed to providing outstanding customer service to its residents through enhanced environmental services such as the Waste Tire Amnesty Event Program.

Total Awarded for County:\$20,765.00

San Diego County

Grantee: Pala Band of Mission Indians

Amount Awarded: \$698.00

Grantee Contact: Mr. Rodney W. Watkins

Grantee Contact Phone Number: 760-891-3511

CalRecycle Grant manager: Diane Nordstrom-Lamkin

Project Summary: Amnesty Events Amount: \$26,030.00

Amnesty Events will take place the first Friday and Saturday of each month during the program year. Tires will be diverted by individuals both on and off the reservation, to the Pala Band of Mission Indians Reservation transfer station located at 12802 Highway 76, Pala, CA 92059 (APN 110 250 06 00). The Pala Band of Mission Indians Tribal Services Department also carries out an on-going program of junk yard cleanups and trash removal. Much of this work involves removal of vehicles, equipment, buildings, and junk, including significant numbers of tires. As this work is carried out throughout the work week, Tribal Services will deliver tires to the transfer station for disposal to a certified tire hauler/recycler.

While no formal agreement currently is in place to deal with tires specifically, the Pala Band of Mission Indians is strategically located within 15 miles of six other Indian tribes, (Pechanga, La Jolla, Pauma, Rincon, San Pasqual, and Los Coyotes) with whom we have close working relationships. Each of these tribes have expressed an interest in working with us to collect and dispose of discarded tires that have become a blight on all of the reservations. Advertising and cooperative efforts will remove will go a long way to rid the reservations and nearby communities of this problem.

Grantee: San Diego County

Amount Awarded: \$30,000.00

Grantee Contact: Mr. Jen Winfrey

Grantee Contact Phone Number: 858-694-2463

CalRecycle Grant manager: Diane Nordstrom-Lamkin

Project Summary: Amnesty Events: \$30,000.00

Total Awarded for County:\$30,698.00

Grant Count: 4

Grand Total for Selected Counties: \$75,254.00
